

Graphic Design – Internship | International

Nova Founders supports promising online business models worldwide. We help young Internet companies towards global growth. Nova Founders assists start-ups operationally with the know-how of its experienced teams in areas such as software development, online marketing, management and recruitment, as well as with the global rollout.

We've launched Lion&Lion, the fastest growing digital agency in South East Asia and are looking for designers to work with us on projects for our clients including global blue chip companies and local companies, as well as the ventures incubated by Nova Founders.

Your Job

- Get full exposure to designing and shaping a website
- Create the next design for one of our ecommerce store
- Work independently development of concepts for digital communication across channels
- Be part of a highly entrepreneurial and international team and take part in creating the next leading internet venture
- You will take over your own project, where you'll be responsible for all graphic related matters
- You will work on the company's further improvement and development while working together closely with the CEO – thereby acquiring insight into the entrepreneurial life

Your Profile

- Proficiency in Adobe Creative Suite 5 or 6: InDesign, Illustrator, Photoshop, Acrobat;
- Excellent design skills with focus on typography and layout
- You have a keen interest in the start-up world
- You're a team player, responsible, independent, and detail-oriented
- You feel comfortable in an international work environment

What You Can Expect from Us

- You'll be a part of a fresh, dynamic, and highly motivated team with flat hierarchies
- From the very first day, you'll take on challenging and varied tasks, as well as direct responsibility
- You'll work in a pleasant working atmosphere as part of an international team
- You'll have opportunities for further learning through workshops, as well as the chance to contribute with your own ideas
